

**HOIST1-14C-PIM**

Hoisting Grip for 1/4" Coaxial Cable and Elliptical Waveguide, PIM Free Polymer, Pre-Lanced

The PIM-free hoisting grip is one of the products in RFS Technologies' PIM mitigation solutions, which encompass a range of innovative and tested accessories designed to minimize or eliminate external Passive Intermodulation (PIM) at telecommunication sites. Constructed from engineered plastic, this hoisting grip effectively prevents PIM caused by metal contacts while securely holding cables during hoisting and lifting. The hoisting grip consists of a polymer grip and tie wraps.

FEATURES / BENEFITS

- Effectively substitute the metal hoisting grip to reduce PIM effects
- Advanced material and optimal design guarantee the mechanical robustness of the product
- Securely hold the cables of 6mm to 10mm diameters (1/4") while lifting

**Technical features****STRUCTURE**

Product Line		PIM Mitigation
Product Type		Hoisting Grip
Cable Size		1/4", 3/8", LMR240, RG-59
Configuration		Mesh Grip with Single Eye Support
Style		Pre-Lanced
Size		6 to 10mm

MECHANICAL SPECIFICATIONS

Color		Black
Material		Engineered Plastic

PACKAGING INFORMATION

Package Quantity		1
Weight per piece	kg (lb)	0.09 (0.2)
